## Wellness Policy

For the continued protection of all our students and staff, please comply with our Wellness Policy. If your child has the following symptoms, please keep him/her home until well.

- **Fever** over 99.6 degrees ("fever free" means no medication has been given within the past 24hrs.)
- **Nasal discharge** which is not clear in color
- **Nausea, Vomiting or Diarrhea** within the past 48 hours
- **The Flu** requires a full week away from school (longer if symptoms are severe and are not clear after 7 days)
- **A Rash** which has not been diagnosed by a pediatrician
- **Eye Discharge**
- **Sore Throat** or continuous **Cough** or **Earache**
- **Exposure to COVID-19** with or without showing symptoms – Must be out of school for 5 days or until a negative COVID-19 test is confirmed for this student and the student is no longer directly exposed nor has symptoms.
- Anything contagious of any kind

Please notify the director, or your child's teacher as soon as possible if your child has a contagious illness. It is our responsibility to send information (with no names attached) to families who may be affected, to watch for symptoms of that illness. We hope you understand how important this is as the health & safety of our families & staff is our top priority.

Our staff is not authorized to administer any medication, with the exception of diaper rash cream. Our school has no provision for the care of children who are ill. If your child becomes ill at school, he/she will be isolated, and you will be contacted to arrange for them to be picked up immediately. Your child may return to school 24+ hours after he/she is symptom free with **no** pain/fever reducing medication.

## Food and Nutrition Policy

The Asbury Early Learning Center does not supply snack or lunch for students. However, it is our responsibility to recommend parents follow the Healthy Food Pyramid when packing their child's food each day. Families may provide special treats (birthday's) for their child's class, but please no candy. Please discuss this with your child's teacher ahead of time.

*Please help us do all we can to keep our AELC family healthy, Thank You!*

## **Discipline Policy**

### **Behavior**

Preschool age is a time in your child's life when they are discovering how to share, treat others and follow rules. We believe that rewarding positive behaviors and using appropriate consequences for improper behavior is the best way to encourage children to behave well. Children will be advised of the class rules and expectations. Teachers will continue to look for good behavior to praise and for teaching opportunities when a negative behavior arises.

- Provide positive, respectful directions.
- Explain inappropriate behavior and a clear understanding of what is expected.
- Use choices, redirection and substitution.
- Occasionally separate a child from the group, for a short period of time period. This will allow a misbehaving child to take a break from a situation and reset.

If a child's behavior is consistently disruptive or a threat to another child safety, then the parent will be called to discuss the reoccurring situation. Parents will be expected to help their child with their decisions as well, to move in a positive direction.

### **Harmful Behavior Policy**

Any physically or emotionally harmful behavior will be recorded on an incident report. A copy of this will be provided for the parents as well. This IR form must be signed by the teacher, the director, and a parent of the child whose negative behavior is being addressed. Names of children who are involved in incidents are not to be disclosed to any other parents.

1st incident: The parent will be notified and the incident documented. The teacher will discuss how we will work to avoid the continuation of the negative behavior.

2nd incident: Same as above, with discussion of additional consequences within the classroom.

3rd incident: The parent will be notified like above, with the possibility of the offending child being removed from the program for an appropriate amount of time period actions will be reviewed on a case-by-case basis.

Our goal at Asbury Early Learning Center is to keep moving in a positive direction, and to ensure each child is safe while they are learning and having fun.

## Potty Training Policy

Potty training is a milestone that requires time & patience. Please be aware that the Asbury Early Learning Center requires children in our 3's & VPK programs to be fully potty trained. While we recognize starting school is an adjustment for children, it is difficult to keep the classroom a safe & sanitary environment when toileting accidents happen.

### What does being fully potty trained mean?

- A child is not in pull ups or diapers
- He or She recognizes and communicates on their own the need to use the bathroom.
- The child is consistently using the potty & going multiple days at home without having an accident.
- He or she is able to attend the entire day without an accident.
- He or she is able to wipe themselves, redress themselves, flush the toilet & wash their hands once they have completed using the bathroom.

As a parent, you can help by dressing your child in a belt less and/or elastic waist clothing. This makes it easier for your child to be successful in using the restroom. At Asbury, we will continue to encourage & support all the success that your child achieves during their potty training. Teachers in our Toddler & Two's programs watch for & identify signals that your child is ready & will provide assistance with potty training transitions from home to school.

In the first 4 weeks of school, if your child has more than 2 accidents per week, the parent will be notified & the child will have to remain at home till potty training is achieved.

*When we partner together, we can make this a successful experience!*
